

## Garbage & Yard Waste Guidelines

The City of Cincinnati Department of Public Services (DPS) provides weekly garbage collection and scheduled bulk items collection for residential buildings that meet the definition of "dwelling," as adopted by Ord. No. 41-2013.

From spring to fall, DPS also provides a bi-weekly yard waste service concurrent with the recycling service. The Office of Environmental Quality provides bi-weekly recycling collection for The City of Cincinnati. Each resident is assigned a collection day (Monday to Thursday) and a recycling-yard waste week.
